## **IADR Announces Recipients of the IADR Colgate Research in Prevention Travel Awards**

**Alexandria, VA, USA, June 22, 2022** – The International Association for Dental Research (IADR) announced the recipients of the **IADR Colgate Research in Prevention Travel Awards**. The recipients were recognized during the Opening Ceremonies of the virtual 100<sup>th</sup> General Session & Exhibition of the IADR, held in conjunction with the 5<sup>th</sup> Meeting of the Asia Pacific Region on June 20-25, 2022.

Young investigators who submitted an abstract which has a preventative component receive a travel award to support their attendance at the IADR General Session. Supported by Colgate-Palmolive Company, the award encourages young investigators to undertake research in the prevention of oral diseases and to facilitate their presentation of this work to the international dental and oral health research community. This year, awardees receive prepaid registration to attend the virtual meeting, and a plaque.

Recipients include:

- Alaa Alkhateeb, University of Washington, Seattle, USA
- Tamara Teodoro Araujo, University of São Paulo, Brazil
- Yuanyuan Han, The University of Hong Kong, SAR, China
- Caojie Liu, Sichuan University, Chengdu, China
- Samanta Mascarenhas Moraes, University of São Paulo, Brazil
- Egle Petrauskiene, University College London, United Kingdom

### **About IADR**

The International Association for Dental Research (IADR) is a nonprofit organization with over 10,000 individual members worldwide, with a mission to drive dental, oral and craniofacial research for health and well-being worldwide. To learn more, visit [www.iadr.org](http://www.iadr.org).
