## Are You an Engineer, Data Scientist, or Computer Scientist?

The Data and Technology Advancement National Service Scholar Program, organized by the NIH Office of Data Science Strategy, seeks and supports experienced data and computer scientists and engineers to tackle challenging biomedical data problems with the potential for substantial public health impact.

Each year, projects are selected from proposals submitted by NIH institutes for the applicants to apply for. [NIDCR's project](#) is among the 13 that are selected this year.

The application for the program is open [here](#) until **Monday, May 15**

## Select Your Next Leaders!

Volunteer leadership opportunities are currently available in the following areas of governance:

### **AADOOCR Vice President, AADOOCR Treasurer, and AADOOCR Representative to the AADOOCR/IADR Publications Committee**

Any AADOOCR member may nominate an individual, or you may self-nominate for these positions. Nominees must have had prior service to AADOOCR as a Section, Group or Network Officer, or as a Councilor, Committee Chair, or Committee Member.

Visit [www.aadocr.org/AADOOCR-Nominations](http://www.aadocr.org/AADOOCR-Nominations) to learn more and submit a nomination. Submissions must be received by August 1, 2023.

### **IADR Vice President**

The IADR Board of Directors is seeking nominees for the position of IADR Vice-president (2025-2026). Submissions must be received by **August 1, 2023**. Additional information is available at [www.iadr.org/IADR-Nominations](http://www.iadr.org/IADR-Nominations).

### **AADOOCR Sections**

All AADOOCR Sections are seeking nominees to serve as officers in 2024. Please visit [www.aadocr.org/AADOOCR-Section-Nomination](http://www.aadocr.org/AADOOCR-Section-Nomination) for additional information about the specific vacancies for your Section and apply by **June 16, 2023**.

### **AADOOCR Committees**

Information on available committee vacancies, descriptions of committee duties, and instructions on how to submit your candidacy for a committee appointment are available

at [www.aadocr.org/AADOCRCommittees](http://www.aadocr.org/AADOCRCommittees). The deadline for applications for committee appointments is **August 1, 2023**.

### **Scientific Group/Network Officers**

All IADR Scientific Groups/Networks (SG/N) are collecting nominations for officers. Go to [www.iadr.org/Group-Network-Nomination](http://www.iadr.org/Group-Network-Nomination) to view vacancies and submit a nomination by **June 16, 2023**. Self-nominations are welcome.

A detailed description of the roles and responsibilities of each SG/N officer position can be found on **pages 5-6** of the [SG/N Governing Handbook](#). All officers have fiduciary responsibility for their Network, including the allocation of funds raised by dues for research activities.

Self-nominations are encouraged! However, if you nominate a candidate other than yourself, please make sure the candidate has accepted the nomination prior to submission. For more information and to submit a nomination, visit: [www.iadr.org/Group-Network-Nomination](http://www.iadr.org/Group-Network-Nomination).

## **HSRA Launches “A Healthy Mouth for Every Body” Campaign**

Health Resources and Services Administration (HRSA) recently launched a new oral health literacy and education campaign called the “[Healthy Mouth for Every Body](#).” It provides a variety of materials to help the public learn more about oral health, including how to take good care of your oral health at home and the importance of seeing a dentist regularly for a checkup.

### **AADOCR Strides in Science**

#### **Jessica A. Scoffield, Ph.D.**

*“This community has been a valuable asset for my professional development and has given me opportunities to serve in leadership roles that may not have been accessible to me elsewhere. Joining AADOCR proved to be very beneficial in facilitating my research transition and setting me up for long-term success in academia.”*

## Submit a Webinar Proposal

AADOCR is currently accepting proposals for webinar ideas for 2023. Webinar proposals are subject to review and approval by the appropriate IADR committee. Webinar content should be organized around a cutting-edge topic and planned to be no more than 60 minutes (including a Q&A/discussion period). Any requests for additional time outside of the standard allotment of 60 minutes must be made at the time of submission for the committee to evaluate.

For more information and to submit your proposal, visit: [www.iadr.org/form/webinar-series-proposal-form](http://www.iadr.org/form/webinar-series-proposal-form).

## **Featured Funding Opportunities**

### **NIDCR Director's Postdoctoral Fellowship to Enhance Diversity in Dental, Oral and Craniofacial Research**

Applications reviewed on a rolling basis.

### **Rapid Funding for COVID-19 Research**

Clinical to basic research studies, many are conducted by the National Dental Practice-Based Research Network (PBRN).

## **New Opportunities for Advancing Pain Science**

Recognizing the urgent need to improve the management of pain, the Fiscal Year 2022 budget proposals from the President, House, and Senate each provide increased funding for pain research to several NIH Institutes and Centers, including the NIDCR.

## **NIDCR Institutional K12 NIDCR Dental Specialty and Ph.D. Programs**

The NIDCR Dental Specialty and Ph.D. Program (DSPP) supports institutional research career development (K12) programs that propose to develop outstanding clinician scientists (K12 “Scholars”) through an integrated program of advanced clinical training in a recognized dental specialty. Three universities currently offer the NIDCR Dental Specialty and Ph.D. Program:

- [University of California, Los Angeles Dental Specialty and Ph.D. Program \(UCLA DSPP\)](#)
- [University of Michigan K12 DSPP Accelerating Interventions for Craniofacial Diseases and Disorders via DSPP](#)

## **IN MEMORIAM**

We are saddened by the loss of Arthur Veis, longtime member of IADR/AADOCR, who passed away on April 23.

Veis was a professor emeritus in Cell & Developmental Biology at the Feinberg School of Medicine and Northwestern University, where he received his Ph.D. His research focused on the mechanisms of biomineralization in bones and teeth, and the role of non-collagenous “SIBLING” proteins in regulation of mineral placement in collagen matrices.

## DONATE

### Support New Investigators!

Donate to the [AADOCR New Investigator Research Development Fund!](#)

Once endowed, this award will recognize original research by new investigators and will stimulate basic research in all dental, oral, and craniofacial disciplines. One award per year will be presented in the amount of at least \$10,000. This must be put towards the candidate's research, the establishment of research infrastructure, the completion of a research project, or preparing research for publication.

AADOCR has reached **27%** of its goal to fully fund this endowment and to begin awarding new investigators.
