# AADOOCR Meeting Within a Meeting: Aging and Oral Health Research

As part of the AADOOCR science-first initiative to bring new opportunities for membership, professional development, and program growth, AADOOCR presented its second Meeting within a Meeting (MwM) featuring cutting-edge presentations on the biology and social aspects of aging, and how aging affects health and disease.

The first session gave delegates a broad overview of current geroscience research about the biologic mechanisms of aging and how they impact oral diseases. The second session provided a holistic overview of the social and behavioral aspects of aging, including nutrition and cognitive decline, and the relationships with oral disease. The third and final session focused on research and training needed to improve the delivery of oral health care for aging populations.

## 2022 AADOOCR/CADR Annual Meeting & Exhibition Symposium Session

### Diversity Matters: Advancing Dental, Oral, and Craniofacial Research Leaders

On Wednesday, March 15, AADOOCR's Committee on Diversity and Inclusion (CDI) hosted a Symposium Session reflecting the need to emphasize diversity in the dental, oral, and craniofacial research space.

The symposium, “*Diversity Matters: Advancing Dental, Oral, and Craniofacial Research Leaders*,” took a step forward towards establishing an equitable and civil culture within the dental research enterprise and reducing barriers to racial equity in the dental research workforce.

It specifically supported undergraduate, dental, and graduate students within underrepresented populations to build peer networks and establish novel mentoring relationships. It featured presentations by Sylvia A. Frazier-Bowers of the University of Indiana, Effie Ioannidou of the University of Connecticut, Keith A. Mays of the University of Minnesota, and Marcia Sampaio Campos of the University of Michigan.

The CDI will continue to engage these students as they navigate their academic careers supporting their skillset development, knowledge acquisition, confidence building and cultural competence.
